Dear Shauna:

I would like to take this opportunity to thank you for the great leadership the Ferst Foundation has shown in trying to solve the problem of literacy among our younger citizens of Georgia. These children are the legacy of our State and this problem needs immediate and continual attention.

As the District Governor of District 6900, I would like to assure you that literacy is a prime concern of ours. Our young children are moving into and through our educational system without the proper skills. Our children are dropping out of school at alarming rates and don't have the skills to move into productive livelihoods. The Ferst Foundation is doing their best to address this problem at the infancy level where it can be most effective.

I am proud to say that as Rotarians in District 6900, we support and endorse the efforts of your Foundation and hope that we can work together in the future to improve our great State and its most valuable asset, our youth.

Again, I thank you on behalf of our District for your great work.
