True Story: When my neighbor's granddaughter introduced me to her young son, Brian, I said to him, "My grandchildren call me Mimi. Why don't you call me that too?"

"I don't think so," he retorted, and ran off after his mother.

Later I was asked to baby-sit for Brian, and we hit it off wonderfully. As he snuggled up to me, he said, "I don't care what your grandchildren say. I love you, Meanie."
